**5. Treasurers Report**

Jo prepared a financial review a copy is held in school.

As a committee, we discussed our future fund-raising aspirations, after success of the money we raised towards the outside work.

FOLS would like higher profile to be made of the impact of our fundraising - to put some before and after pictures on to the Facebook page so parents can see what they have helped to do.

Sarah Woolley has a long-term plan to add a wheel chair lift, changing rooms, music/sensory room and additional office space to school. FOLS would like to help with the music/sensory room but this will not happen for the next couple of years. As funding needs to be secured for the building works.
