### Week 2 of Lockdown

Collectively we are working together for the health and wellbeing of ourselves and others in our country.

We may all be experiencing challenging times, difficult moments, feelings and thoughts.

To us at Frances Olive Anderson, this is all in the realms of being human in a crisis. Even though we are apart from the people we love, we are together in our aim to overcome the Coronavirus. Reach out if you need to, we believe people will reach back.

School is still open over Easter for those children of Critical Workers, who due to e.g. shift patterns or deployment need help during this time. We are also there for any children who are classed as vulnerable. Please contact Mrs Woolley or Mrs Kirby via email over the next 2 weeks if your situation means you require child care as you meet the criteria given by the government.

There will not be any work set for the Easter period as we are sure you all need a proper rest and we do not want anyone feeling under pressure to complete work with their children. It will also give our teachers a chance to rest, reflect and prepare for next term's home learning and support they will be giving to your children, should we still be faced by the current situation.

Any emails as stated above, should be directed to Mrs Woolley or Mrs Kirby rather than class teachers over the Easter break – we thank you for your co-operation with this.
