

Year 3 Newsletter

Dear Parents and Carers,

We hope you have all had a restful and enjoyable half term.

Topic

The Topic this term is 'Gods and Mortals'. With this topic we will be learning about different Gods such as Zeus and different legends like Icarus and Daedalus. Within history we will learn about the Ancient Greeks looking at their lifestyle and learning about the Ancient Olympic Games. Our science topic this half term will be forces and we will look at the forces that make objects move.

Maths

This term our focus will be multiplication and division. In particular we will be teaching the 3, 4 and 8 times tables. Please support your children to learn these. We have joined up to a new website called times table rock stars which is a programme designed to help children learn and recall their times tables quickly. The login details for this will be put in the children's homework books.

Homework

Please continue to support your children with their reading at home as much as possible, discussing new vocabulary and themes within the books. The children made fantastic progress last term which we want to build on! We have been really impressed with the class and their attitude to reading.

Homework books will be given out on a Tuesday to be handed in and spellings tested the following Monday. Thank you for all the topic homework we received last term. The effort the children put into these was fantastic.

PE

We will continue to swim on Monday afternoons. Our other session will now be on Tuesday morning with the MSP coach. This session will be gymnastics.

Art

In art we will be making papier-mâché vases linked to our Greek topic. Please could you bring in any finished kitchen rolls and empty yogurt pots. Thank you.

Any queries or concerns please do come and see us.

Yours Sincerely,

Mrs Hill and Mrs Stanton.
