

Dear Parents,

Welcome back! We hope you all had a restful and enjoyable holiday. Mr Poller will continue to teach this term and will be with us until the end of June.

TARGETS

We will be sending your child's new targets out this week in the front of their homework books!

Maths

We are going to have a big push on learning our times tables this term and will have a times table challenge every week. Please support your children to learn all their times tables at home.

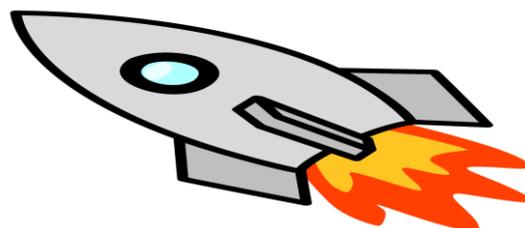

TOPIC

Our new topic this term is 'Rio'. We have an exciting workshop organised looking at Brazilian Carnivals and the children will be learning all about the Olympics and what life is like in Rio! The topic will cover many aspects and subject areas including: English, history, geography, science, PE, design and technology, art, music and RE.

SCIENCE

This term, the children will continue to investigate light and dark, while also carrying out exciting practical activities, which will allow them to explore the nature of forces.

PE

The children will continue with PE on Monday afternoon where they will be looking at different games such as Tennis, Cricket and Rounders, as well as preparing for Sports Day. The children will continue to have a PE session Thursday mornings with Coach Chris.

Homework

We will continue to hand out weekly spellings in the normal red books but Maths homework and any other activities will now be in a new homework book. This will include Mathletics and Reading Eggspress activities. The hand in date for homework will be specified. Please continue to hear your child read at home and help them to learn their times tables.

If you have any problems or any queries at any time please don't hesitate in coming in to see us.

Many thanks for your support.

Yours sincerely,

Mrs Hill and Mrs Ireland
