Academic Year 2020/21

14/05/2021

We seem to have had a relatively quiet and calm couple of weeks in school.

The children are desperate to be able to mix bubbles outside at least, but the guidance has not changed for primary schools; it still states that we should maintain the bubbles.

We do understand that should we get a case in school, keeping the bubbles will minimise the number of pupils who have to then self-isolate. We will continue as we are for now and hope we get refreshed guidance after the next half term break.

Thank you for continuing to support us with adhering to the one way system and those of you who are not exempt continuing to wear masks.

### COVID 19 tracking

If your child develops symptoms please arrange a PCR test and inform us of the results as soon as you possible as we would need to take advice from public health regarding the rest of your child's bubble if the result was positive. Please use the email address below if this occurs over a weekend.

### Parent Consultations

These will be taking place over the next 2 weeks. This is a great opportunity to share the pleasing progress and attitude to learning and behaviour we are seeing from your children every day in school.

### The value this term – Truthfulness

**This term Worship will be delivered virtually into the classrooms.**

A Christian Perspective on Truthfulness:  
Christians believe that truth is revealed in the Bible and supremely in the person and life of Jesus Christ. Through Jesus' teaching we are given an insight into the nature of God and the way in which He means us to live.
